

Dear Campus Community,

As we look forward to the rest of our football season, I must inform you of several important stipulations concerning the use of the Klemme car dealership parking lot, located south of the stadium. The following guidelines must be followed by anyone using the Klemme lot for parking:

- 1) There will be no tailgating prior to or after St. Ambrose University football games.
- 2) There will be no alcohol allowed in the parking lot.
- 3) Cars may be parked in designated parking lanes only.
- 4) Buses and other large recreational vehicles are not allowed in the lot.

A Davenport Police Officer will be on site to enforce these changes.

I am asking all who attend our two remaining regular season games to please comply with the Klemme parking lot stipulations, as the owner has been very generous in offering this additional parking area to our fans. Please park, proceed into the game, and cheer the Fighting Bees onto victory. Following the game, I ask that you promptly leave the stadium and parking lot area.

I appreciate your support of our Fighting Bee Football Program. Please do not hesitate to contact me if you have any questions or concerns.

Thank you,

Raymond J. Shovlain
Athletic Director
St. Ambrose University
